ADMINISTRATIVE LAW AND LICENSING

We know how to work with officials at public agencies to clarify the issues, assess regulatory concerns and weigh the legal risks. Whether your matters concern procedural or substantive issues, our lawyers represent your interests with years of experience behind them. They collaborate with attorneys in our other practice areas to find the right answer for you. Many of our attorneys have also previously served as elected officials and government counsel and they maintain relationships with officials at public agencies. Our attorneys include:
